# Add-Ons

\*Only available for Custom Stock projects

Additional Photographer

+ ~~₦~~300,000

An additional photographer facilitates diverse angles and comprehensive coverage, while expediting the process. This fee is separate from the base photography package.

Extra Products

+ ~~₦~~35,000

Extra Products offer additional flexibility for multiple items, ensuring a transparent and clear process. Each extra product adds ₦35,000 to your base package.

Lifestyle Models

+ ~~₦~~140,000

Our lifestyle models capture genuine, everyday moments, helping to make your brand's story more relatable and engaging. We find our lifestyle models through our network and from non-traditional backgrounds, often showcasing individuals with a variety of skills and experiences, which sets them apart from typical professional or agency models.

Location Cost

From ~~₦~~150,000

Location fees are tailored to each project's unique needs. The cost is influenced by factors such as location type and accessibility, shoot duration, popularity and demand, as well as amenities and services required. As a result, location costs are determined on a case-by-case basis, considering any special requirements or requests.

# Add-Ons

\*Only available for Custom Stock projects

Post Production

## Varies by Scope

Post-production costs are assessed individually, taking into account the type of project, the extent of editing required, and its complexity. Prices can vary depending on specialized services, software used, and effects involved.

Lifestyle Setup

## Varies by Scope

Additional lifestyle setups can be arranged upon request and will need a separate booking. Prices differ based on location and will be provided in a custom quote.

Rush Delivery:

From ~~£~~**50,000**

Get your custom visuals delivered within 24 hours of booking.

Custom Concept Development:

## Varies by Scope

Our team will develop a custom concept tailored to your brand's needs.

# Frequently asked questions

Can't find the answer you're looking for? We're here to help! [Get in touch](#) and our team will be happy to assist you.

## What do the pricing pages include ?

Our pricing packages include a fixed production fee and costs for photos and videos, including full online rights. Each package also offers various add-ons, such as a videographer/photographer, products, small studio arrangement, and lifestyle arrangement. Additionally, a lifestyle model can be added to any package upon request.

---

## How does the Monthly Plans work ?

Custom Stock Monthly plans are like retainers, it includes constant stylized and specialised contents for your social media, you send your products to our creators and they create monthly social media contents using your brand identity and guidelines . please contact our support team for more info.

---

## What is the turnaround time for custom visuals?

Our standard turnaround time for custom visuals is 3-10 business days depending on projects. However, rush delivery options are available for an additional fee, which can expedite the delivery to 24 hours.

---

## What is custom production and how can i request one?

A custom production allows you to tailor the services to fit your unique project needs. If you feel that none of the fixed packages meet your requirements, you can request a custom production by filling out custom content form
